TERMINAL DISCLAIMER

The owner of a 100% interest in the above-identified present application, namely the Assignee of record:

Assignee: LINTEC CORPORATION

Assignment recorded on: March 13, 2001

Reel: 011604

Frame: 0086

hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the above-identified present application which extends beyond the full statutory term defined in 35 USC 154 to 156 of the following commonly owned patent:

Patent No. : 6,720,375

Issue Date: April 13, 2004

Filing Date: April 9, 2001

Any patent granted on the above-identified present application shall be enforceable only for and during such period that the patent granted on the above-identified present application is commonly owned with said commonly owned patent.

This Agreement is to run with any patent granted on the above-identified present application and to be binding upon the grantee, its successors or assigns.

In making the above disclaimer, there is no disclaimer of the terminal part of any patent granted on the above-identified present application that would extend to the expiration date of the full statutory term as defined in 35 USC 154 to 156 of said commonly owned patent in the event that said commonly owned patent later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a Court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims cancelled by a reexamination certificate, is reissued or is in any manner terminated prior to the expiration of its full statutory term.

The undersigned is empowered to act on behalf of the Assignee.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these

statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
